KEY DATA

Lee Chooi Kheng graduated with a Bachelor of Architectural Studies (Honours) from University of Science Malaysia and commenced her professional career with DP Architects Sdn Bhd in 2003.

She was promoted to Associate in 2008 and her portfolio of projects includes design of private residences, high-rise residential development, branded serviced apartments, office and refurbishment works.

She has worked alongside Reno and Seong as a Project Architect and Project Associate since 2003 and regards the Refurbishment Menara Hap Seng (formerly known as MUI Plaza) as one of her most challenging and rewarding projects to date.

Chooi Kheng holds the position of Associate at UIG Architects Sdn Bhd, and continues to focus on Design Development, Documentation, Implementation and Contract Administration of residential and mixed commercial developments in Malaysia and overseas.

She travels regularly to Ha Noi, Vietnam, overseeing the construction of Phases 1, 2 and 3 of the Ha Noi Garden City Project (32 ha), which commenced in 2006.

Chooi Kheng is a registered Green Building Facilitator for the Green Rating System initiated by the local building industry to promote Sustainability in the Built Environment and is a key member of Building Due Diligence Research and Asset Enhancement Projects.

She is a Registered Architect with the Board of Architects Malaysia (LAM) and a Corporate Member of PAM.
